*Fostering 21<sup>st</sup> Century  
Teaching and Learning*

# CSI Purpose

The Cyber Solutions Initiative (CSI) provides member school districts the flexible platform and relevant professional development to establish, implement, and sustain their own 21<sup>st</sup> Century teaching and learning environment to prepare students to meet the challenges of an information society.

# School District Responsibilities

- Commit to a two year agreement
- Designate a person to serve as a point of contact between the school district and IU1
- Authorize educators to attend staff development training and user group sessions
- Determine curriculum focus and scope
- Develop online courses based upon current curriculum and content
- Market CSI to school board, parents, staff and other stakeholders
- Determine staff who will attend monthly CSI Consortium meetings
- Appoint a representative to the CSI Advisory Board
- Select administrators and/or building principals for administrator training

# IU1 Responsibilities

## Year 1 and Year 2

- One day administrator and/or building principal training
- Four days of staff development and training in online learning for new course writer (max. 10 per membership)
- Customize additional trainings upon school district request (additional fee may apply)
- Provide technical support for and host a secure  server environment
- Host and facilitate CSI User Groups for purposes of mentoring and support
- Facilitate monthly CSI Consortium meetings
- Offer videoconferencing/bridging services
- Facilitate the CSI Advisory Board to focus on long-range planning as requested by member school districts
- Implement directives of CSI Consortium and Advisory Board
